Expect Milk Price Verdict February 12

Promising within 15 days a verdict settling the recent milk controversy, Dr. Clyde L. King, arbitrator, returned to his duties at the University of Pennsylvania, Monday. Dr. King came to Chicago as a specialist, and collected all data necessary. The decision he reaches will be announced on or before February 12.

Although nothing definite has been announced regarding the price of milk, indications are that the price will be around \$2.85, or about what the farmer demanded.

Greatest of all victories to the farmer, is the undisputed recognition gained for the Pure Milk association, making the organization a powerful faction.

BUSINESS MEN SEND \$201 TO PURE MILK ASSOCIATION OFFICE

MAY NOT CONTEST LYONS CASE MORE, LAWYERS ABSENT

Bolger's Attorneys Fail To
Appear, Causes Post-
ponement.

Contesting by Thomas A. Bolger against Representative Richard Lyons of the eighth district, may be dropped, according to word coming from Springfield.

Postponement of consideration by the election committee of the case has been made twice due to the failure of Bolger's attorneys to appear. Bolger has told his attorney, according to Mr. Lyons that if any more continuances are asked the contest will be dropped. The last postponement in the case was obtained Tuesday afternoon.

Waukegan attorneys, James G. Welch and Ben Miller, went to defend Lyons and Leo McDonough, Waukegan. Lyons finished third in the race and 2,200 votes ahead of the contesting McHenry Democrat.

Bolger took the position "that the votes on the Democratic ticket were not properly counted" in several precincts in this district. He charged that while he was the only candidate that several election judges only allowed him one vote where the cumulative system should have given him three.

KAMIN, PENITENT, SEEKS TO RETURN MISSING FUNDS

Will Repay and Make Good,
Is Young Bank Teller's
Pledge to Friends.

Penitent and deeply remorseful of his misdeed, Frank Kamin, today, with the assistance of friends, was seeking to raise the balance to cover his shortage of \$2,715 he is alleged to have embezzled from the State Bank of Antioch where he was employed as teller.

The shortage was uncovered several days ago by state bank examiners, and following the checkup Kamin was named in a warrant charging him with embezzlement of the missing funds, the exact amount being unknown at that time. Kamin readily confessed to taking the funds and the warrant issued and served locally followed.

Kamin is 25 years old, unmarried, and his home was in Silver Lake until three years ago when he came to Antioch to accept a position as teller in the State Bank. He was accounted an efficient and valuable employee and, according to bank officials, no shadow of suspicion ever rested upon him until state examiners uncovered the shortage a few days ago.

No Prosecution Sought
"We are not interested in prosecuting the case against the young man, and we hope he makes good with a return of the funds," J. E. Brooks, president of the bank, stated yesterday. It is understood that Kamin had no trouble in getting bonds for his release, and that a number of friends stand ready to trust him to the extent of assisting him to make up the deficit.

"Fast Living Did It"
"I have no excuses to offer," Kamin said this morning. "Living beyond my income did it. I appreciate most sincerely the loyalty of my friends, and what I most desire is a chance to prove to them that I can make good." Kamin asserts he did not lose the money through speculation.

The first step in Kamin's new start to regain the confidence of the community will be to get employment in other lines of work and begin repayment of what he has lost by too lavish spending. Influential friends have already procured offers of employment, and Kamin's youth and the fact that he is popular among a large circle of friends will prove of material aid to him in staging a new start in life.

FRANK MANN TO TALK AT ANTIOCH MEETING

Knowing that addresses given by Frank I. Mann, master farmer of Illinois, are always worth while and met with pleasure, Mr. Mann has been engaged to speak at the Farmers' Institute in Antioch February 7, at 1:30 o'clock.

Mr. Mann is well-known to farmers throughout the state, as well as in this community.

Don't forget to feed the birds.

If Winter Comes, Can Spring-Bunk! There's Hope, if Only Ye Groundhog Plays Properly With His Shadow

King Winter certainly has his throne in Antioch.

Today is the first day of January. There have been 31 extremely wintry days this month. Not a day when there was not ice and snow. Not a day when it wasn't necessary to pull up the coat collars and pull down the hats.

The temperatures have been low, zero and 10 above zero weather seemingly comparatively warm at times. Temperatures of 24 degrees below were reported in the vicinity January 13—that cold, stinging Sunday when greatest enjoyment came from hovering around the fireplace or radiator, and looking outside at the world. One felt keen irony, a saccharine delight at laughing at the cold outdoors.

Heavy winds have been prevalent at times during the month. The snowfall of Wednesday night was hurried and blown by gales this morning. Result: piercing needles of snow cutting the face.

January thaw? Who said so? This year there "ain't no such thing." Zero, ice, snow, sleet, sub-zero. More ice. Etc. Etc. Zero. But al-

ways cold. Nice for skating, skating, and coasting. Hard on the coat pile. Hard on sunny dispositions. But it is winter. It is January. But—

"Where there is life there is hope, according to the over-worked bromide adage, so—

All eyes today are turned to His Most Royal Highness, the Groundhog. If only he would do what he is supposed to do about his shadow! If only there would be some permanent relief from winter's icy blasts! Wait until Saturday and hear the groundhog's verdict. In the meantime, pray and pray with all your might that the old forecaster won't emerge until there is no danger of his seeing his shadow.

And, confidentially, if you should ask us, the proper label for the old saying, "If winter comes can spring—etc." should be BUNK. Winter is here. Winter seems here to stay. Just a word of encouragement: The first day of February is to be a cold one. Weather bureau declares so. But what can be done about it? Shovel some more coal. Fasten the coat collar higher.

And be patient.

RABBI OF WAUKEGAN TO OPEN INSTITUTE HERE SUNDAY NIGHT

Organ Music and Choir
Selections Also on the
Program.

Antioch, in keeping with other progressive communities, will hold institute meeting every Sunday evening until spring.

The program includes a list of out-of-town speakers who will discuss problems which are uppermost in the mind of the thinking public today.

The first speaker will appear Sunday evening in the person of Rabbi Isaac Siegel of the Temple in Enoch, Waukegan, who will present the "Jewish Attitude Toward the Non-Jew." Rabbi Siegel is an honored Jewish scholar, a graduate of the best schools in Jewry and will undoubtedly bring a message of great merit and with it a new appreciation.

In addition to the charm of the speaker the program will include selections of masters for rendition on the organ played by Mrs. Ziegler. The choir will be present to sing.

GREEN MAY REMAIN WARDEN OF PRISON

Gov. Louis Emmerson May
Retain Former Lake
County Sheriff.

That Warden Elmer J. Green, Joliet, penitentiary, and three times sheriff of Lake county, might continue as warden of the state prison under Gov. Louis Emmerson in spite of the fact that his appointment originally came through ex-Gov. Len Small, was reported from Joliet today.

Warden Green returned to Joliet yesterday after a conference with Rodney Brandon, newly appointed director of the department of public welfare.

"No mention was made regarding the reappointment of a warden," he stated.

According to Joliet—Informants Secretary of State William J. Stratton has taken an interest in the reappointment of Green.

JACKSON NAMED

When Speaker David Shannon of the Illinois legislature, broke all records by appointing committee chairman so early in the year, Representative N. L. Jackson, McHenry, was named head of the committee on enrolling and transcribing bills in the lower house.

MEETING TO BE HELD IN CHICAGO TUESDAY

Election of officers, talks, and discussions of business will form the program following the sixth annual dinner of the Chicago Regional Planning association to be held Tuesday night in the Red Lagoon room of the Palmer House, Chicago.

The main speaker for the evening will be John C. Nichols, chairman of the National Capitol Park and Planning commission. Mr. Nichols, Kansas City, is an outstanding man among realtors.

GREAT HOUSECLEANING IS ORDERED BY GOVERNOR EMMERSON; HE WANTS "UNNECESSARIES" OFF SALARY LIST

THE AMERICAN FLAG
THE FOLLOWING questions, which are answered on the back page of this edition, have been furnished by The American Legion post of this city in a campaign of education on the American flag. Another set of questions will be printed next week, and each Thursday hence until all have been published. They will be numbered consecutively. The first questions are:

1. When and by what authority was our first national flag established?
 2. Quote the exact language of the original flag law.
 3. When was our state first represented by a star in the union of a national flag?
 4. Name the original states represented by the stripes in The Flag.
 5. When was the law passed that governs the present design of The Flag?
 6. Mention two early American flags which suggested part of the design of the present flag.
 7. What was the official flag of the United States between September 3, 1777, and January 13, 1794? Between May 1, 1795, and April 4, 1818?
 8. When it arises from the ground or a low foundation, what should be the approximate length of a flag pole, expressed in lengths of the flag displayed?

GAS TAX LAST YEAR ABOUT \$280,000,000

Spending in excess of two billion dollars for gasoline in 1928, motorists also contributed more than \$280,000,000 to the country's highway building funds through the gasoline tax, conservative estimates show. This gas tax money was largely used for constructing first class highways which, happily, reduced car operating costs by an amount greater than the entire gas tax outlay.

The gasoline tax rate, varying throughout the country from two to five cents a gallon, averages 3.2 cents. Without this tax, which adds but from one-eighth to one-third in a few instances, to the gasoline cost, the mileage of hard payments would be far less than at present, for the gas tax represents a large share of the money available for highway improvement beyond the gravel stage.

Managed Alone

French and German Speakers
Tell How Crisis Was
Struggled Through,
Without United
States.

Although European powers originally hoped for the membership of the United States in the league of nations, they have struggled through the most difficult years without her and now ask only that she remain an interested and faithful friend.

This was the sentiment expressed by Pierre de Lanux, French author and Paris director of the league of nations, and Wolf von Dewall, German editor, in addresses before the Chicago council on foreign relations at a meeting this week. Both men contended that the league had saved the strained situations existing between France and Germany following the war.

"We knew our relations with Germany could never be settled single handedly," said M. de Lanux, "and a landslide of public opinion swept the country demanding another means of settlement than war. The ultimate result was the league, for which instrument we will always thank the United States where it was originated."

Firm belief in the possibility of enduring world peace was expressed by both speakers. According to von Dewall, disarmament will come when the masses have been educated in the actual possibility of peace.

All Department Heads are Instructed to Dis- charge "Do-littles"

TONIGHT IS THE LIMIT

Ordering that the state house in Springfield should be cleaned out, Governor Louis Emmerson has issued a statement that all useless jobholders are to go—and that all must be off the payroll by tonight.

Heads of all departments of government were given orders Tuesday—orders which introduced the greatest housecleaning drive in the history of Illinois. Besides the heads of the 12 state departments under the governor, the state civil service commission and the state commerce commission also received the same drastic instructions.

Copy of Order
Here is a copy of Gov. Emmerson's order:

"Sir: You are directed to relieve as of January 31, 1929, all employees not needed in your department. You will retain the necessary men and women to properly carry on the activities of the various divisions under your control, but none other.

You will please report to me the names of those whose employment is not essential to the welfare of your department."

Only four of the department heads to whom these commands have gone owe their positions to Gov. Emmerson. The remainder are small employees. The resignations of two of the eight small chiefs left in the statehouse, Gov. Emmerson has just announced, have been accepted, to take effect January 31. What obedience from the Small department heads Gov. Emmerson's slashing order will command remains to be seen.

Carries Out Pledge
"My letter simply carries out my pledges to bring efficiency into the state government," explained the governor. "It is not my intention to carry economy to the point where it could in any way interfere with the businesslike conduct of a single branch of our government. But wherever it is found we have more employees than we need it would be neither efficient nor economical to retain such."

Gov. Emmerson's action follows reports which have become common that the state pay rolls are still filled with employees whose dismissal will

AND now they're canning mackerel and having a hard time supplying the market! What will California be canning next? After two years of experiment, the canning of fish at San Pedro, Wilmington and San Diego has developed with great rapidity, and has reached a position recently which justifies its classification as a thrilling new Southern California industry. The output for this season amounts already to more than 4,800,000 cans.

Fish Are Plentiful

It isn't lack of fish, but lack of machinery which makes it difficult to supply the demand at present. According to some packers and fishermen the fish are available the year around, immediately off shore, and in apparently unlimited quantities. One packer declares, according to the "Pacific Fisherman," that the catch can be doubled on a day's notice to those engaged in it.

Canning methods, though varying slightly, are almost identical with those used for salmon, employing the same procedure of exhausting and processing. Canned salmon is one of the staple foods of this country, and one reason for its popularity is its comparative cheapness. Scientists tell us that sea foods made by nature are cheaper than the foods cultivated by man on the farm. But, after all, taste is the test, and we wouldn't eat salmon or mackerel if they didn't tickle our palate as well as appeal to our purse.

Summer Styles--
Paris Tells How
And What

Paris has had only one large style show, offering fashions for next summer. This show was Saturday.

Some of the most important dress-makers have been hanging back on the summer style shows because they agreed to exhibit their ideas a little later than usual in order to circumvent design bootleggers. They hope also to better the status of Paris as leader of the fashion industry.

The Summer Girl, as revealed at the first fashion show this year, is to be a sunburned lassie with plenty of "allure," as the French term what in America generally is called "it." She will have a little more covering on her bones than last year, but a little less on her back. She will advocate all that is feminine without necessarily being frail.

In the main, however, about as much silk stockings is to show as last year. Arms will be covered sometimes, at dinner, but the formal which have sleeves possess only scant backs.

POSTERS ON SAFETY
SAID RESPONSIBLE
FOR FEWER MISHAPS

School Boy Patrols Also
Ascribed as Helping Decrease Accidents.

Safety posters in schoolrooms and the school boys' patrol are ascribed by President Charles M. Hayes of the Chicago Motor club as being mainly responsible for the fact that there were 108 fewer children injured by automobiles on the streets of Chicago in 1928 than in 1927.

There were 3,199 children 15 years old or younger injured last year; the total for 1927 was 3,307, according to the statistics of the Chicago police department. Mr. Hayes pointed out that it must also be considered that there were 11,000 more children and 18,000 more motor vehicles on the streets last year than in 1927.

The club has fostered the poster and patrol method of promoting safety among school children for nearly a decade. It supplies a new poster each month to more than 16,000 school rooms in its territory, and also furnishes the white belts and badges to more than 16,000 patrol members in the same region.

VARIETY OF PROGRAM
PLEASES LISTENERS
AT LOCAL SCHOOL

Second Number of Lyceum
Course Is Presented by
Apollo Duo.

Varied so that everyone in the audience was pleased, a musical program was presented Saturday night by The Apollo Duo in the Antioch High school auditorium. This was the second number of the lyceum course being sponsored by the high school.

The Apollo Duo, composed of Mr. and Mrs. Arthur Wells, has been on road since 1910. Both Mr. and Mrs. Wells are artists. Mr. Wells delighted the audience with his excellent playing of the banjo—as well as with his banjo "antics." He almost made the saxophones talk. Readings and impersonations proved unusually popular with the audience. Especially commendable is the manner in which he gave the reading about the Christmas Spirit—how he impersonated the contrasting characters of the landlord, the landlord's wife, and the tenant. Mr. Wells truly was "300 pounds of fun and music."

Mrs. Wells has a pleasing stage presence. She was charming in her planologues and vocal work. Seldom does Antioch have the honor of having a pianist of such skill and technique visit the community. The costumes worn by Mrs. Wells added a great deal to the program.

All in all, the concert gave an evening of clean, wholesome, high class entertainment. It is fortunate that criticisms contain editorial comment, for the following paragraph seems fitting and imperative.

Persons who are not attending the lyceum course do not know what they are missing. The expression, "It isn't any good or it wouldn't be coming to Antioch," is all wrong. Through the efforts of the local high school, first class lyceum programs are being offered. The school is not hoping to make money. The sole aim has been to benefit the community. Without a doubt, the school has been successful.—V. L. B.

Goodbye, Uncle Sam

The following is a paragraph taken from a magazine printed about 1895. A Postmaster in Iowa recently sent the following pathetic resignation to the Postmaster General: "I have had the honor and pleasure to receive the mail from Keokuk by means of horse-back, afoot, my own wagon, and finally from the railroad train, from the days of Lincoln to Harrison. I have distributed the same to Irish, German, English, Scotch, Swedes, Norwegians and Dane and Dutch, creditably, I believe, to the Government, and satisfactorily to the Republicans, Democrats, Grangers, Greenbacks, Prohibitionists, and, lastly, to Alliances, or I would have long since lost my head. Good-bye, Uncle Sam, for I must now leave your service."

SIXTH GRADE PUPILS WRITE LIFE STORIES

Autobiographies Reveal the Joys and Tribulations of Children.

(Pupils in the sixth grade of the Antioch Grade school have been writing autobiographies. Two of the compositions, one by Helen Strang and the other by Phyllis Bruckman, are to be printed in the Antioch News, the one by the latter following.)

Autobiography of—
Phyllis Louise Bruckman
I was born on the twenty-eighth day of September in 1917, at 9 o'clock in the Sherman hospital, Elgin, Illinois. I weighed seven pounds.

I don't remember very much, but I remember my first pet. It was a little brown dog called Buster. On Monday when mother and our color, ed lady washed the clothes, Buster and I used to play in the clothes basket with the clothes pins. I was about three years old then.

I remember the first time I saw Santa Claus. It was my third Christmas. When I first saw him I was scared to death, but he gave me a doll and some candy. I always liked him after that. I went to see him every Christmas after that until we moved away.

My life was not very interesting then until we moved on a farm. When I was about five years old papa and I used to go down every night to water the cows. We had a pig and a lot of chickens. We moved away there because I had to go to school.

My first day of school was very unsuccessful. I cried half the way home because I was afraid of the teacher and hated to work. I got used to school and now I like it very much. I hope to go to Madison to college, where I am sure I shall have lots of fun.

My mother says that when I was little, she used to try to teach me where I lived, so that if I got lost I could be taken back to my parents. I lived on Cherry street then. When anyone asked me what my name was I would say: "Pa in Bruckman pick a cherry to eat," for I was very fond cherries.

OHIOAN IS HERO

Youth, Ill, Heard Fall of Rocks; Warned Trains of Debris; Saved Many Lives.

Pomeroy, O., Jan. 31.—Young Glenn Cline, Ill with influenza, crawled from his bed and saved a New York Central train from almost certain wreck at Dymally near here, last night.

Cline heard a roar along the tracks as he lay in bed. Convinced that the sound he heard was a rush of stone and dirt into the railroad "cut" a short distance away, he got out of bed, seized a lantern and hurried out. He found that tons of earth and rocks had filled the cut. Knowing passenger train No. 6 was due in a few minutes, the lad ran to a bend a short distance from the landslide and stopped the locomotive by waving his lantern.

Passengers on the train have started a move to obtain a Carnegie hero medal for the boy.

TREVOR

Miss Winnifred Todd, Berwyn, Illinois, spent the end of the week with her aunt, Mrs. Ambrose Runyard.

William Evans transacted business in Kenosha Monday.

Gail Pitts spent Monday night with the Studemeyer family at Twin Lakes.

Elbert Kennedy is spending some time with his daughter, Mrs. Clayton Lester and family, Spring Prairie.

Cornelius Cook, tax collector for the town of Salem, collected taxes in Trevor Saturday.

George Bolte, Eagle River, Wisconsin, spent a few days of the last week with his sister, Mrs. Mike Hlmen.

On account of road conditions only a few of the members of the Silver Star 4-H club attended the annual business meeting of the county at Union Grove Saturday.

A train load of western sheep billed for Trevor were stalled in the snow at Neenah, Thursday for 12 hours.

Only seven pupils in Mrs. Hlmen's room and 10 in Miss Ridge's room braved the snow and wind storm last Friday.

Mr. and Mrs. Richard Corrin and daughter, Elizabeth, Antioch, were dinner guests Sunday of Mr. and Mrs. Ambrose Runyard.

Mrs. Willis Sheen entertained the Trevor Five Hundred club Wednesday afternoon. The honors went to Mrs. John Gover, Mrs. Alvin Moran, Mrs. Plunkett and Mrs. George Thoma.

Mrs. Lucy Hollister invited the women to meet at her home next week.

Miss Kophanst spent the end of the week with her parents near Salem.

Four carloads of lambs from Whitehall, Montana, were unloaded at the yards Wednesday morning.

Martin Dimmel returned to the home of his sister, Mrs. Julius Lingon Tuesday from Waukesha where he recently underwent an operation for appendicitis.

Ed Mutz was taken to a Chicago hospital for treatment Monday.

Mrs. John Gover, Mrs. Charles Oetting and Mrs. Joseph Smith were in Kenosha Thursday.

Mr. and Mrs. O. B. Parham and son, Chicago, spent the end of the week with the former's mother, Mrs. S. Parham, and brother, Champ Parham.

E. Jacobson arrived from Billings, Montana, Saturday morning with five carloads of sheep belonging to Oliver Eberts for feeding.

Mr. and Mrs. John Gover visited Mr. and Mrs. Elmer Anderson, Racine, Saturday.

Mike Hlmen was an Antioch visitor Saturday.

There was a card and bunco party in Social Center hall Saturday evening. The prizes were awarded in five hundred to Mrs. Joseph Smith, Mrs. O. B. Parham, Willis Sheen and John Gover; in bunco to Mildred Zimorzy, Anna Gerl, Vernon Runyard and August Marks.

At the annual business meeting of the stockholders of Social Center hall on Monday evening the following officers were elected: President, Klaus Marks, vice-president, Dick Moran; secretary, Bortha Ostling; treasurer, Anne Smith, director, Margaret Oeov.

ILLINI RELAY MEET SET FOR MARCH 16

About 750 Athletes Expected to Enter Contests at University.

Urbana, Jan. 31.—To run off the largest indoor relay meet in the United States in the limited time of two hours seems a formidable undertaking, yet this is the promise of the managers of the University of Illinois indoor relay carnival which will be held in the big Illinois armory March 16.

This plan has been carried out successfully for several years and never yet has 9:30 o'clock swung around unless the starter's gun was crackling for the final event, the thrilling mile university relay.

The main meet, comprising the four university relays, the special shuttle hurdles relay and ten special events will be held at night, beginning at 7:30 o'clock. In the afternoon the college and high school relays, the all-around championship and preliminaries in the special events will be contested.

Upwards of 75 institutions, represented by about 750 athletes, are expected to enter. The field will be headed by the pick of the Big Ten, Big Six, Missouri Valley, Little Nine and other middle-western conferences with representation also from the south and east.

The Illini are offering a new trophy for victorious relay teams, a bronze plaque, modeled by Prof. C. E. Bradbury of the department of art. The design, which shows the traditional Illinois Indian welcoming the relay runners, will also be on the carnival medals.

The date of the meet, with its promise of favorable weather for travelers, is expected to attract many enthusiasts from a wide radius of the campus. Applications for seats are now being accepted by the athletic association ticket office in University hall.

Questions and Answers About Illinois

Q—What percentage of the total of Illinois' area is classed as improved farm land? How does this compare generally with other states?

S. E. D., Macomb.

A—Approximately ninety per cent of Illinois' 35,000,000 acres is classed as improved farm land. Illinois has a larger proportion of arable farm land than any other state. It is the most level state with the exception of Delaware and Louisiana. The total value of Illinois farm crops is more than \$350,000,000 a year.

Q—Can you tell me how many kinds of native trees are found growing in Illinois?

L. D., Effingham.

A—Scientists in the employ of the state have listed one hundred varieties of forest trees native to Illinois. Of these ninety-four are hardwoods and six are soft woods. Many of our most familiar cultivated trees, of course, are not native.

Q—I got into an argument the other night about Illinois' coal. I contended that Illinois had more coal than any other state in the union and a friend claimed that Pennsylvania had. Which is right?

A—Neither is right. Colorado has more coal than any other state. But Illinois contains more than twice as much coal as Pennsylvania. That far you win over your friend. Further details on coal:

Coal is an important mining industry in 51 of the 102 counties in Illinois. Sixty-seven per cent of Illinois is underlaid with coal. Illinois has the largest coal mine in the United States and the deepest.

The blueness of sea water depends in some degree upon its saltness. The Arctic and Antarctic oceans, which are cold and not very salty, are a vivid green in color.

STONE MOUNTAIN SITE IS NUCLEUS IN CASE IN GEORGIAN COURT

Decatur, Ga., Jan. 31.—S. H. Venable and two other original owners have entered suit in Superior court here for recovery of the Stone Mountain site they deeded for a memorial to the Confederacy, charging that the Stone Mountain Monumental association had violated a contract to complete the main carving within 12 years.

An allegation that the organization was insolvent was coupled in the petition with the statement that it had been wasteful in the use of its funds; that it had lost public confidence and that it could not complete the monument even if permitted more time.

It added that not a single figure in the proposed central group has been completed in 12 years.

It was contended the association was forced to abandon work on the monument in May, 1928, because of lack of funds after having spent \$1,195,845 and incurred indebtedness of approximately \$260,000.

CHRISTIAN SCIENCE CHURCHES

"Truth" was the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, January 27.

The Golden Text was, "The Lord is good: his mercy is everlasting; and his truth endureth to all generations" (Psalm 109:5).

Among the citations which comprised the Lesson-Sermon was the following from the Bible: "For this cause also thank we God without ceasing, because, when ye received the word of God which ye heard of us, ye received it not as the word of men, but as it is in truth, the word of God, which effectually worketh also in you that believe" (1 Thess. 2:13).

The Lesson-Sermon also included the following passages from the Christian Science textbook, "Science and Health with Key to the Scriptures," by Mary Baker Eddy: "The Scriptures are very sacred. Our aim must be to have them understood spiritually, for only by this understanding can truth be gained" (p. 517).

Cow Calling Contest on Farmers' Program

Lake county is to have a cow calling contest.

Announcement has been made by S. H. Dorsey, vocational instructor, that the contest will be a part of the fun at the Farmers' Institute at Ellettsburg high school, Lake Zurich, February 6.

The winner of the contest will not only be awarded the title of "County Champion Cow Caller" but will also be presented with a beautiful silver cow bell trophy.

The contest will be open to all farm residents—men, women and children. Volume of voice will be figured by the judges at 30 points, the musical quality of the voice at 10, and the appeal (in the imagination of the judges) the call would have on the cow, 30 points.

Contestants are free to use whatever call they think best, and will be allowed as much time as desired. Speech-making, however, is barred.

Mr. Dorsey stated that selection of the judges in the contest would probably be made shortly. In view of the enjoyable affair, this is sure to be, it is expected that there will be many contestants taking part. To facilitate matters, as many early entries as possible are desired, and Mr. Dorsey wants all persons contemplating having a "voice" in the contest to get in touch with him immediately.

The Lake county cow calling contest revives a practice that was common throughout the United States before all the open country was fenced. It is estimated that close to three-quarters of a million people in the Mississippi Valley last year witnessed the fun of more than 300 of these contests which have proved one of the most popular entertainment features evolved in recent years for county fairs, farmers' meetings and country gatherings of all sorts.

CARDS AND DANCING ON PROGRAM MONDAY

Observing the first birthday anniversary of the Antioch American Legion Auxiliary Unit 748, auxiliary members entertained members of the local American Legion post, their wives, mothers, and sisters Monday night in the Danish hall. Fifty-four persons made up the guest list.

The feature of the evening was when Mrs. Mary Mann, a gold star mother, cut the large birthday cake.

Thirteen tables were used in the play of live hundred. For the women, prizes were awarded to Mrs. Charles Atwood, Miss Elizabeth Webb, Mrs. Otto Klass, Mrs. Ray Winfield, and Mrs. Alonzo Runyard; for men, prizes went to John Horan, George Jensen, Charles Atwood, Andrew Cobb, and William Huhner. Guest awards were given to Mrs. Eve Burnett and Mrs. Walter Hills.

John Parker's orchestra furnished music for dancing.

Antioch won four games Friday night against Lake Zurich and Wauconda. Coach G. G. Reed and Coach Fred Hackett divided their squad and gave each of the 28 players an opportunity to perform. No one played more than the regular length of a game.

This was the first time that many of the youngsters had seen real competition for more than a few minutes, and they put everything they had into these games, and some promising material was discovered. Hughes and King of the ponies showed up exceptionally well.

The Wauconda lights threw a scare into Antioch by playing even up for the first half, but were unable to hold the pace the second half. The other games were plainly Antioch's from the start. The only question was the size of the score. Antioch amassed 121 points to the opponents 53.

During the intermission between halves of the final game, the "phony mazuma" which had been distributed during the week, was cashed for those holding the lucky numbers. There were 13 who held lucky numbers.

GREAT HOUSECLEANING ORDERED BY GOVERNOR

(Continued from first page)
have no effect other than to reduce the size of the pay rolls. Other reports have it that in several branches of the state government the Small administration has been so generous in filling up the pay rolls that the Emmerson administration may find not enough money left to last out the present fiscal year, which does not end till June 30.

There have been persistent reports that when Gov. Emmerson's friends have been placed at the head of all state bureaus and departments, startling discoveries may be made.

Miller Resignation Acceptable
Gov. Emmerson has announced his intention of accepting the resignations of Col. Cornelius H. Miller of Kankakee as director of the department of public works and buildings and Gus H. Radebaugh of Urbana as director of the department of conservation, formerly fish and game, to take effect January 31.

The governor has received the acceptance of Harry H. Cleveland of Rock Island to fill Col. Miller's job and take charge of road building.

Cleveland, who is president of the Central Trust and Savings bank of Rock Island and head of an insurance agency there, will take hold of his state job February 1. Gov. Emmerson may name Radebaugh's successor today.

The appointment of the first Chicagoan to an important post under the Emmerson administration has been announced by the governor. Charles H. Hammond will be the new state architect, succeeding William J. Lindstrom, Chicago, resigned February 1. Hammond is a member of the firm of Perkins, Chatten & Hammond, at 160 North LaSalle street, and is president of the American Institute of Architects. He is not a politician and did not seek the appointment. Gov. Emmerson points with pride to Hammond as proof of his intention to fill the posts of responsibility in the administration with only high-class men and women.

The appointments of Cleveland and Hammond were to be sent today to the senate, which is expected to confirm them tomorrow. Cleveland's salary will be \$7,000 and Hammond's \$5,000. Frank T. Sheets, Gov. Emmerson announced, will remain as chief highway engineer at \$6,000.

Resignations which Gov. Emmerson says he has accepted include Former Mayor E. E. Crahtree of Jacksonville as a member of the highway advisory board, Editor T. Harney, Thompson of Rockford from the state parole board and Joel T. Fitch as County Judge of Edwards county to accept an assistant attorney-generalship.

Budget Moves Today
The biennial budget prepared by the Small administration has been sent to the legislature.

It is much smaller than the last budget, which totalled more than \$263,000,000. There is much less money left now in the road and waterway funds to be appropriated. Gov. Emmerson called attention today to the failure of his predecessor to consult him in the makeup of the new budget, which will be in effect from July 1, 1929, until June 30, 1931.

Speed King Picks Buick

Phil "Red" Shafer, for sixteen years one of the country's best known race drivers and the holder of many important records, pictured in front of the Administration building of the Buick Motor Co. at Flint, Mich., with his Silver Anniversary Buick sedan and his Miller Special racer, capable of a speed of 140 miles an hour. Both are valve-in-head motors.

E. T. STRONG
President and General Manager
BUICK MOTOR CO.

DETROIT. Praising Detroit newspapers and officials of the city for the safety campaign which recently has been waged against speeders and reckless drivers here, E. T. Strong, president of the Buick Motor Co., has expressed the hope that a similar program might be carried out in every city, town and hamlet in the nation.

Messages are being sent to the more than 4,000 Buick dealers throughout the country, each of whom will be urged to get behind such a movement in his district.

"The fact that some communities have accomplished so much in the humanitarian work of avoiding traffic casualties is conclusive proof that the campaign can be carried to a successful conclusion everywhere," Strong declared, "and the Buick Motor Co. pledges the fullest cooperation of its plant resources in working to this end."

"The automobile no longer is a luxury—it is a necessity, and much of its immense value to the world is being perilled by those who use the streets as speedways and those who drive without due care in the crowded traffic of the present era."

That the problem is a big one, Strong is certain, but he is equally certain that with the proper cooperation of all concerned the streets and highways can be made safe and the value of the automobile for business and pleasure consequently increased.

Planting Winter Wheat Sometimes Hard Problem

Winter wheat is a crop which takes nine months to raise, the longest length of time of all our annual crops. There are seasonal vicissitudes and insect pests all along the way. The season may be too dry for the seed to germinate or it may be too wet to sow the crop. High winds and bare ground and low temperatures of winter are a menace—thawing and freezing may ruin the crop and rust, the green bug, hessian fly, army worm and chinch bug may all take their toll. It may be sowed too early or too late. Although late sowing is preferable to excessively early sowing.

OBITUARY

Stricken with a heart attack the Rev. John Edward Lynch, pastor of St. Peter's church in Antioch, and much beloved in this community passed away Saturday, January 19, 1929.

The sudden passing of this zealous pastor removes from the arch diocese of Chicago, a priest widely beloved and highly respected by Catholics and non-Catholics alike.

The body rested in state in the church under guard of honor from Monday until the time of the funeral on Tuesday morning at 11 o'clock when Solemn Requiem Mass was celebrated by the Rev. J. J. Corbett, C. S. V. pastor of St. Edward's church, assisted by the Rev. J. P. O'Mahoney, C. S. V. of St. Victor college as deacon and the Rev. Joseph Savane of St. Patrick's church, Wadsworth, as sub-deacon. The sermon was preached by the Rev. John J. O'Leary, pastor of St. Mary's church, Lake Forest.

The last absolution was given by the Rt. Rev. B. J. Shell, D. D. auxiliary bishop of Chicago.

Fr. Lynch was the son of the late Margaret and James Lynch and was born in Chicago in 1864. He attended the parochial schools in Chicago and later entered St. Victor college Bourbonnais. He completed his studies for the priesthood at St. Mary's Seminary, Baltimore, and ordained to the priesthood by the late Archbishop Quigley at the Holy Name Cathedral 21 years ago.

Death of the veteran priest came as a blow to his congregation and to the village of Antioch generally. He had announced from the pulpit only the week before that he had managed to raise a fund of \$25,000 through the various activities in the church during the years and that he expected other donations of generous size toward erection of a new church; he further stated that he received authorization from Cardinal Mundelein to start the erection of the proposed new church in early spring.

It is expected, however, that the priest who will be assigned to succeed him will carry out the plan to erect the new church.

Father Lynch is survived by two sisters, Mrs. D. J. Moran of Chicago, and Mrs. L. J. Walsh of Beloit, Wisconsin. Three sisters preceded him in death, Mrs. Mary Deegan, Mrs. P. McGavick, and Anna M. Lynch.

Interment was in Calvary cemetery.

Antioch Will Play First Conference Game Friday Night in Gurnee Gym

Local Five Should Win Opening Contest Without Difficulty.

This is the week of the conference tournament which starts Thursday night at Lake Zurich. The Antioch High school five does not play until Friday night at Gurnee when the winner of the Wauconda-Lake Zurich game will be met. From previous encounters, Antioch should be an easy winner and should meet Watson's Leyden team at Wauconda Saturday afternoon. This is on the condition that Watson can win a third time from Palatine. Palatine has

been going hot during the last three weeks and may spring a surprise on the conference. Leyden has been a consistent winner all season. They are the only ones without a defeat. Antioch will have to keep their eyes open for Bell, the star forward and Brocke, the elongated center. This pair has been the downfall of every team met during the season.

If Antioch can come through Saturday afternoon, they will probably meet either Libertyville or Arlington unless Gurnee should get hot and upset Libertyville Friday night.

This season has produced so many upsets that one is slow to predict the outcome of this tournament. Here's hoping that Antioch can come through the third time in as many years.

WE NEED GIRL SCOUTS

Did you know there is an organization of Girl Scouts in Antioch? True, one seldom hears of them, but the Girl Scout group here has been unfortunate in having no leader—and encouragement. Of all organizations for girls, none is more deserving of praise than the Girl Scout troops.

Girl Scout groups are more than mere clubs. They form the halfway stage between the play house period of childhood and the real home which girls will create a few years hence. The girl of 12 and 13 years is no longer content with a playhouse of old boxes under a tree in the backyard, where cakes of sand and mud are served something worth while, and this opportunity is given through Scout work.

Girl Scouts learn to cook—and become interested in what they are doing. Only comparatively recently was there an opportunity for girls to do things such as those, in a group. Sixteen years ago, Mrs. Juliette Low organized the first group of Girl Scouts in the United States at Savannah, Georgia. Mrs. Low died in 1927, and newspapers throughout the world carried her picture.

And it is just that they should. The nation owes a debt of gratitude to Mrs. Low for her splendid gift of the Girl Scouts. She devoted her time, her talents, and much of her money to the Girl Scout work. Today there are more than 175,000 Scouts in the 48 states of the union—to say nothing of the many Scouts in Hawaii, the Philippines, and in Cuba.

The Girl Scout motto is: "Be Prepared." Mrs. Low not only preached this, along with the slogan to help others each day, she practiced both. Although Mrs. Low has died, the principles for which she stood, live on, and the girls of Antioch who belong to the organization, with help and encouragement, will be striving to uphold Mrs. Low's worthy ideals.

A FALSE PANACEA

"I wish to emphasize that there cannot be a simple remedy to effect all that the public has been led, or rather misled, to expect of compulsory automobile insurance," said W. C. Safford, Superintendent of Insurance of Ohio, in a recent address. "and I believe that the public should be educated to abandon the idea of a panacea which will not produce the expected results and which will result in demoralization."

Mr. Safford considered the argument that compulsory automobile insurance is based on the same principle as workmen's compensation, and should receive the same consideration. Of this, he stated that "the idea is entirely wrong in principle. The fallacy that the victim of an automobile accident occupies a status similar to that of an injured workman and should share in a fund such as workmen's compensation, has been responsible for mistaken notions. The relationships of principal and agent and master and servant are recognized principles of contract, and out of these grew workmen's compensation. What principle of contract exists between the automobile driver and the pedestrian? What control has an automobile driver over the physical status of an accident? What compensation does one pay and the other receive?"

Another great fallacy, according to Commissioner Safford, is that compulsory automobile insurance would indemnify all those injured. He cites cases where the insurance would not be operative. These include accidents at grade crossings, accidents where killed or injured were at fault, accidents caused by horse-drawn vehicles and animals, accidents where negligence cannot

be proven and a number of other situations. Clearly, these are responsible for a large percentage of all automobile mishaps.

Mr. Safford's arguments are in accord with the opinions of many authorities. What we need is a cure, not a dubious system of indemnity after the damage has been done.

Here is something for the pacifists to ponder over with care. The United States is the least war-minded of the nations because we are already prosperous, have plenty of room for our population and plenty for them to do. A strong American navy is therefore a better guarantee for peace than a navy or an army for that matter in the employ of some nation which is overcrowded, which has no room for expansion and which has in addition, back of it, a thousand years of war hating and of military traditions. The pacifists, in attempting to defeat the fifteen cruiser bill are not working for peace. They are working rather for a war in which the United States may be a victim because it will armament never saved any nation or made it a shining example for peace. If you think this statement is not true, study the history of China for the past thirty years.

The League of Nations Non-Partisan Association has decided to drop the word "non-partisan" from its name because it finds neither the Democratic nor the Republican parties are interested in it. Seems to us that makes the word all the more appropriate.

After the Kellogg pact gets war officially outlawed the only place that the war god will have left to make his home will be Chicago.

The population of most of our prisons continues to grow steadily and yet the prisons don't have any chamber of commerce.

It is now suggested that the Congressional Record be printed on the new paper made of cornstarch. If this is done the farmers will have to value more corn stalks.

These days the husband who is a good provider doesn't seem to be as popular as the one who is a good fox-trotter.

Of course the League of Nations isn't exactly popular in the United States but did you ever know an umpire who was?

Isn't it funny that every time they figure out something new to reconstruct Europe they always end up by wanting to sell Uncle Sam a few million bonds?

A Michigan woman was sent to prison for life for violating the liquor laws four times. Well, some of the stuff that is sold nowadays ought to entitle the vendor to a free trip to the electric chair.

The reason the children don't write so many letters to Santa Claus as they did in the old days lies in the fact that the average child knows there isn't any Santa Claus long before it is old enough to write.

Benjamin Franklin told the boys to save their money. Henry Ford declares that no successful boy can save his money. Of course, Benjamin Franklin wasn't in the automobile game.

Old Eagle Eye Says--

Have you noticed how the Danish people of a community "click" together? And haven't you, at times, wished that you were Danish, because they always seem to have such good times? Every Friday night at the Danish hall there is a card party, open to the public, but last Saturday night was a masquerade dance. Such hilarity and such good, wholesome fun as prevailed! The Danish people are to be complimented. The community has a right to be proud of them.

Enter comes early this year, and it is only 13 days until the beginning of Lent. Ash Wednesday is February 13.

Most popular among songs today (with the probable exception of "You're the Cream of My Coffee") is a little ditty something about I Fall Down and Go—Boom or something on that order. Well, all Old Eagle Eye can say is, that if some of these so-called radio artists had fallen down on the icy sidewalks of Antioch a few times, and gone boom, plunk and blankety-blank-blank, they would not take such keen delight in singing the song.

Speaking of songs—can this world be getting better with the public being swayed, amused and pleased by "You're the Cream of My Coffee," "That's How I Feel About You," "That's My Weakness Now," and "Sweethearts on Parade?" Where are the good old days before prohibition when groups gathered around the organ and twiddled "You're My Darling Nellie Gray," and "Jingle Bells?"

The Unlucky Thirteen
Strangely enough 13 municipalities in Illinois have bad water supplies and they know it. This assertion is based upon reports of the State sanitary engineers who have inspected all of the 506 public water supply systems in the State and found 400 good, 93 doubtful and the unlucky 13 bad. Information to this effect, together with specific recommendations relating to improvement was placed in the hands of local officials concerned.

MEMBERS OF PATROL ARE TO BE GRADED

Guiding Children Through Traffic Is Now Course Offered in Schools.

Chicago, Jan. 31—Edward J. Toblin, Cook county superintendent of schools, has announced that the proficiency of members of the school boys' patrol will be graded and that the mark will be considered in their advancement from grade to grade as much as their standing in arithmetic and other studies.

Mr. Toblin made the statement after a conference with representatives of the accident prevention department of the Chicago Motor club which for nine years has fostered the patrol as a means of preventing traffic accidents among school children.

"Education should comprise practical instruction, as well as knowledge from books," explained Mr. Toblin. "Members of the school boys' patrol are selected because of their qualities of character, manliness and leadership. They stand at corners in the vicinity of schools before and after classes, and assist their classmates and younger pupils across the streets during hails in traffic. They must be on duty for at least a total of an hour a day, outside of their school hours. Their work as a member of a patrol is bound to give them a broader knowledge of taking care of themselves and others, and I believe they should be given tangible credit for efficient performance of this task."

Under the new plans, the patrol becomes a part of the achievement course of the county schools. This course comprises twenty-two projects, such as the study of music, agriculture, live stock and similar subjects. Each pupil must enroll for one or more subjects. Boys who aspire to

membership on a patrol must be nominated and approved by the other members of his particular achievement course, the teacher and the director of education. Patrol members must serve thirty weeks in order to obtain a mark, which will be determined by the teacher, the director of education and the accident prevention department of the motor club.

LAKE VILLA STUDENTS HAVE SLEIGH PARTY

The seventh and eighth grade pupils of E. M. Beckwith enjoyed a sleighride party to Graylake last Wednesday evening and were entertained at Mr. Beckwith's home where lunch was served. Miss Mabel Scott accompanied the party.

Mrs. Sarah M. Sherwood celebrated her ninety-second birthday at her home here Sunday in a quiet manner. Many cards of congratulations were received by Mrs. Sherwood who is well after her recent severe illness, though not able to be very active about the house, but doing her bit.

She has seen many changes during her long life and has many friends who hope she will be spared for many more birthdays.

Miss Junilla Niekerson came home last week from the hospital where she underwent a garter operation and is recovering at her home here.

Word received from Edgar Kerr, Bloomington, states that his daughter is quarantined at the home with scarlet fever in a moderately light case. Mr. Kerr is with friends.

William Snyder, who has been in Chicago with his daughter for several weeks, came home Monday.

Mr. and Mrs. C. B. Dicks were in Chicago Monday.

Mrs. J. M. Cannon entertained the luncheon club at her home Thursday. T. B. Rhodes has his big ice-house filled with ice this year. The work of filling was finished this week.

Mrs. Ella Richards has been confined to her home by illness, but her condition is improved.

Miss McLaughlin was unable to come down from Burlington last week to care for her class in music, as she had been injured by a fall on the ice.

Miss Marguerite Manzer has been ill and is at her home here for a few weeks.

Mrs. Alfred, Tulsa, Oklahoma, and four children came Monday to spend a week with her husband's sister, Mrs. Alpaugh at the personage. Mr. Alfred is expected later and the family expects to go on to Montana where Mr. Alfred is in business.

George Olcott, Waukegan, called at the James Atwell home Sunday.

Miss Mabel Faleh and friend, Miss LaVerne Conrad, Chicago, were home over Sunday, and with Miss Ruby Faleh, entertained several friends, among them being Miss Mabel Scott, Ed Tiede and Mr. and Mrs. Wood, Waukegan, at a coaling party. Supper was served at the Faleh home.

County Superintendent T. A. Simpson visited the school Monday.

Mr. and Mrs. John Nader, Mr. and

Mrs. Frank Nader and Mr. and Mrs. Fred Hamlin went to Chicago Saturday to attend the golden wedding celebration of Mr. and Mrs. Belek. Mrs. Belek is a sister of the Messrs. Naders. They returned Sunday evening.

Mrs. Paul Avery will entertain the Ladies' Aid society at her home Wednesday afternoon, at the regular business meeting.

Eleven tables were played at the card party given by the Woman's club at the Frank Hamlin home last Wednesday evening and the first prizes were won by Mrs. Arthur Haly and Troy Ballenger, second prizes by Mrs. Frank Wood and Harry Stratton while Mrs. Hugh McCann and Will Pester were awarded the consolation prizes.

LAKE VILLA SCHOOL NOTES
County Superintendent Shipson visited classes in all rooms Monday. He was pleased to find the ventilating system doing its work on the cold day.

Virginia and Warren Haddad have been receiving oculist treatment at the office of Dr. Breitenbach and this has necessitated their absence much of the time.

Janice Kapple and Venetta Phillip were the perfect spellers in the spelling down in second grade Friday. The enrollment was only 50 percent in the morning. Most of the older pupils were not hindered by the weather.

Charlotte Meyer stepped ahead of the other members of the seventh grade by writing a perfect paper in the week's spelling test.

In addition to the community singing enjoyed by the pupils of Rooms Three and Four Friday morning, special numbers were given as follows:

Salute to the Colors, piano, Jule Hall; The Sun's Goodnight, piano duo, Helen and Florence Buchta; Alberts, Caprice, violin, Carl Nader, and Stars and Stripes Forever, Constance Dobbin.

Pupils are busy completing penmanship papers to send to Mr. Prans. It is expected he will visit here soon and exhibits are being arranged for his inspection while here. The teachers have completed reviewing "Teaching the Common Branches" by Charters and are now taking up the work connected with "The Teaching of Ideas" by the same author.

Mr. Drinkman has furnished each reading table with a neat book rack.

BRISTOL 4-H CLUB MEMBERS AWARDED HONORS FOR WEEK

Frederick, Glen and Miss Mildred, children of Mr. and Mrs. Benjamin J. Gillmore, South Bristol, have won high credits in 4-H club work. The two brothers have been awarded state championships for 1928. Frederick won because he did outstanding work in connection with the raising of small grains. Glen was selected a state champion because he developed the finest sheep exhibit in Wisconsin. Miss Mildred won honorary recognition for home baking in the county, being classed with eight others. In 1927 Kenosha county also carried away three state championships. The winners were the two Gillmore brothers and their sister, Mildred, who (the sister) this year has the honor reward. Norbert, who led in the potato production, makes the third member from Kenosha county to receive state championships for 1928.

Alfred Pohlman graduated from the Kenosha Central Senior high school Friday evening, January 25, where he has completed an English course.

John Delaney, aged 80 years, died Tuesday morning, January 21, at his home in Southeast Bristol. Although he had been in failing health for about two years, his illness had not been serious until about a month ago.

He was born in Newport township, Lake county, Illinois. September 8, 1848. His education was received in Illinois, having taught school in the rural district and practiced law in Chicago for several years. In 1883 he settled in Bristol township where he has been engaged in farming since that time.

His wife, Emma McNamara, preceded him in death in 1899 and his daughter, Anna, died in 1926. He leaves one son, John Delaney, and two grandchildren, Alice and Thomas Delaney. He was a man of high ideals and a member of St. Mary's church of Bristol. Funeral service was held Friday from St. James' church, Kenosha. Interment was in St. Patrick's cemetery at Mill Creek, Illinois.

Mr. and Mrs. George Tillotson, South Bristol, were obliged to pass their golden wedding anniversary last Tuesday, almost unobserved. Owing to the extremely icy roads

their children and other relatives were unable to celebrate with them. However, they received numerous congratulatory cards from relatives and friends.

Hazel Dell school house caught fire last Tuesday and did about \$200 damage, which was covered by insurance. Neighboring farmers succeeded in extinguishing the blaze. The fire is said to have started from an over-heated flue.

Mr. and Mrs. Edward Jorgenson entertained Mr. Jorgenson's parents, Mr. and Mrs. Morris Jorgenson, and Mr. and Mrs. Peterson, Union Grove, Sunday.

Mrs. Jean Hartnell, Salem, was a visitor at the Jorgenson home last week.

Mrs. Frank Barter, Harvard, Illinois, is caring for her parents, Mr. and Mrs. J. A. Rowbottom who are ill.

Mrs. Laura Jacobson gave a surprise party Wednesday evening to a small company of relatives in honor of her husband's birthday.

Mr. and Mrs. John Runge entertained her brother and wife, Mr. and Mrs. Edward Pierce, Kenosha, and Mr. and Mrs. Townsend, Woodworth, Sunday.

Mr. and Mrs. Lyle Woodbury gave a five hundred party Saturday evening to the following guests: Mr. and Mrs. H. B. Gaines, Mr. and Mrs. Roy Murdock, Mr. and Mrs. Walter Friese, and Mr. and Mrs. Fred Thorne.

High scores were held by Mrs. Roy Murdock and Walter Friese, low by Mrs. Friese and Lee Bateson.

The Ladies' Aid society will meet Thursday afternoon with Mrs. Harry Gaines.

The Missionary society met Wednesday afternoon in Mrs. Dixon's hall, having a "pot luck" lunch.

A large family gathering was held Sunday evening in the Frank Krueger home in honor of the birthday anniversary of their daughter, Mrs. Clara Jackson.

The home talent play entitled "The Deacon Entangled," sponsored by the Eastern Star, which was given in December, will be repeated Friday evening, February 1, in the Bristol Community hall. Owing to the dense fog the out-of-town persons could not avail themselves of hearing this play which was exceedingly well presented.

WILMOT VOLLEYBALL TOURNAMENT OPENS WITH FOUR VETERAN TEAMS TAKING PART

The first games of the new tournament in volleyball were played in the Monday class of the girls' gymnasium. The name four teams that took part in the tournament conducted early in the first semester are taking part in the new tournament. They are the Tigers, captained by Mary Daly, the Elephants by Zone Newell, the Lions, captained by Norma Elfers, and the Coyotes captained by Irene Hnase. The Lions won the first tournament in an extra game after being tied with the Tigers.

In the first game of the afternoon the Tigers defeated the Lions, 21 to 15. Captain Newell, Iola Harm, and Whitford Dellell were the mainstays for the winners while Captain Daly and Myrtle Davis played well for the losers. In the second game the Coyotes defeated the Elephants, 21 to 17. The cleverly placed serves and returns of Elva Marks were outstanding.

Due to the intense cold and bad bizzard on Friday evening the basketball games scheduled to be played in the gymnasium were cancelled late Friday afternoon. The high school was to have played Clinton high and the Pirates were to have played the town team of Lake Villa. Arrangements are being made to have the Clinton-Wilmot game played in the near future.

Two games are on the high school schedule for this week. Tuesday the local cardinals and white team journeyed to Richmond for the return game. Wilmot won the first game of the series, 19 to 11. A large group of Wilmot rooters escorted the team to Richmond and attended a party after the game.

Examinations were given on Thursday and Friday for the first semester. The first classes of the second semester were begun on Monday morning. The enrollment at the beginning of the second semester was 63, eight less than the enrollment at the beginning of the first semester.

Arthur Holdorf motored to Racine and Kenosha Saturday.

A new volleyball tournament has been started in the girls' gym classes and two games will be played each Monday and Wednesday. Much interest has been shown in the recent tournaments due to the large number of girls taking part and also the close games which resulted. The tournament is made up of four teams and each team will play twelve games.

The Misses Blanche and Grace Carey and James Carey arrived home the first of the week from a six weeks' tour through the west. During that time they covered more than 8,000 miles by motor, visiting many of the southern states on their way

to and from California. After a short stay with Mr. and Mrs. J. Carey the Misses Carey returned to Chicago to be with their sister, Miss Brumlee, for several weeks.

The Rev. Joseph Brasky accompanied by the Rev. Nix have left on an extended tour to California.

Mr. and Mrs. Frank Rudolph have returned from Brownsville, Texas, where they inspected their grapefruit ranch.

EXACTLY SUITS ELDERLY PEOPLE

Teasing, harassing coughs, tickling in the throat, and exhausting, nervous hacking are immediately relieved by Foley's Honey and Tar Compound. Hold the dose low in the throat a short time before swallowing. Its accurate blend of pure pine tar, fresh laxative honey, together with valuable medicinal ingredients is wonderfully healing to cold-inflamed tissues of throat and bronchials, and easily clears away irritating phlegm. No opiates, no chloroform. Try it. For sale by King's Drug Store.

PIRATES ANNEX MORE VICTORIES TO STRING

One of Season's Best Games is Played With Waukegan Quintet.

Wilmet's Pirates added two more victories to their string last week, defeating Libertyville 25-12, in Libertyville, and the Waukegan West Side Athletic club, 25-18. The Waukeganites had been previously undefeated this season. This Waukegan game was undoubtedly one of the best games ever played on the Wilmet floor. The passing and doorwork of both teams was excellent at all times, and the Pirates were able to win only by their impregnable defense. The score was close throughout the game until the last three minutes of the

game, when the Pirates, after trailing for three-quarters of the game stepped out and gathered an eight point lead.

C. J. Weikle handled the game in commendable style.

"Shubert" Frank was the high point man of the game, with five baskets and one free throw for a total of eleven points. Norm Richter was the next with three baskets and three free throws for a total of nine points. The guarding of Schurr, Richter and Richards featured for the Pirates, while the basket-shooting and all around playing of the center, Kenyon, featured for the A. C's.

CHANGES ARE MADE IN PALACE MATCHES

Bouts Were Not Held Last Week Because of Weather Conditions.

Changes are announced in the card to be presented at the Antioch Palace Friday night. The matches last week were not held because of the icy roads.

Felix Druba, Waukegan, was to have met Al Tott, Chicago, in the semi-windup, but this bout has been called off. Instead, Charlie Zahmle, Highland Park, and Bobbie Horman, Geona City, will fight—and the word "fight" should probably be spelled in capital letters. Last time Herman and Zahmle met, there was more than a little action, and the crowd was on its "car" throughout.

Len Staley, Waukegan, who was to have appeared tomorrow night, will not be hand. Instead, Leo Schneid, Waukegan, will meet "Moon" Mullins, Deerfield.

The remainder of the program planned for last week will be carried out tomorrow night.

The other bouts follow: George Taylor, Waukegan, vs. Jack Ellis, Chicago; Eddie Peddie, Lake Forest, vs. Johnnie Bena, North Chicago; Fritz Behrens, Lake Forest, vs. Hugh Campbell, Grayslake; Bud Labus, Waukegan, vs. Jimmy Hull, Lake Villa; and Don Conn, Waukegan, vs. Oscar O'Hanlon, Waukegan.
